

Objective

The main objective of the PwD Employ project is to favour the recruitment of people with disabilities, contributing to facilitate their professional and personal development through the training of the collectives who work in the field of the human resources management.

 P W D

Target collective

The project targets people and organisations who are responsible for the recruitment of the people with physical disabilities:

*human resource managers,
recruitment companies and
trainers specialised in human resource management.*

Project result

The main result of the project will be the development of a Personal Learning Environment: a training resource based on technologies web 2.0, which will allow target group to manage and monitor their own training.

In the short term, the project aims:

- *To improve the knowledge of those responsible for the integration of people with disabilities in the labour market.*
- *To promote the integration of people with disabilities in the labour market.*
- *To raise awareness about the integration of people with disabilities in the labour market.*
- *To support companies in providing equal opportunities for employment.*

In the long term, the project aims:

- *To change attitudes to the recruitment of people with disabilities.*
- *To increase the employment rate of the people with disabilities.*
- *To improve business management in relation to the participation of people with disabilities.*

PwD Employ – Personal Learning Environment for the Efficient Recruitment of People with Disabilities - is a Leonardo da Vinci Transfer of Innovation project approved in 2008 through the European Commission (DG Education and Culture) Lifelong Learning Programme.

The project builds on the previous the IMMI TRAIN project (Leonardo da Vinci pilot project – PT/05/B/F/PPP-159155) focused in the integration of the migrants in the labour market .
